Welcome To Proaim!

Dear Client,

On behalf of all the people that work so hard to provide you with the most up-to-date, flexible and cost-efficient production gear, we would like to welcome you into the Proaim family.

By purchasing your Flexi Rig Camera Gimbal Support, you have just joined a host of designers, engineers, machinists, assembly, customer service and office staff that take great pride in all that they do. Our mantra of continuous improvement has been the guiding principle of how we conduct our business since day one.

Once you have the opportunity to experience your new Camera Gimbal Support, we hope you will agree that we craft quality products at a competitive price. Products designed to meet and exceed the standards of today's real production world.

Standards set by our valued clients and standards we strive to maintain.

With Best Wishes,
Proaim Team

Introduction

If you've been doing research for a camera support system compatible with all 3-Axis Gimbals, then **Proaim Flexi Rig Pro** is the paramount choice. Flexi Rig Pro is a **lightweight Shoulder Mount Camera Support System** which is **compatible with DJI Ronin (all models), Freefly MōVI and various gimbals**. Flexi Pro supports your handheld gimbal system and takes the load right off your arms and evenly distributes the weight across your hips. By redistribution of weight, you can have **longer run times with the system** and can better focus on the framing and movement of your shots. **Two sided dampening** on each rod **softens Y axis translations** such as the operators gait providing a more stable and usable image. Made from Commercial-grade Aluminum & Stainless Steel, it easily **carries camera setups up to 15kg/33lb**. An ergonomic and adjustable backpack design - **Maximizes Your Comfort; Eradicates Your Fatigue!**
